Weekapaug Inn, RI

The inn gets a modern spin at Rhode Island's knockout [Weekapaug](#), a splurge-worthy stay overlooking Quonochontaug Pond. The roaring fires encourage guests to curl up with a good book, and feathertop mattresses, clawfoot tubs and a no phones or TVs in the rooms make unplugging a top priority. There's also a resident naturalist on hand for bird watching sessions on the wraparound porch. Wherever your happy place, don't miss a dip in the heated outdoor pool or drinks and nibbles in the light-flooded Garden Room facing the water.
