Put on your comfiest sweater, curl up with a good read, and set up shop in front of the fireplace, because these cozy inns are the perfect spot to hibernate.

Weekapaug Inn, RI

The classic inn gets a modern spin at Rhode Island's knockout **Weekapaug**, a splurge-worthy stay overlooking Quonochontaug Pond. The roaring fires and clawfoot tubs, as well as a "no phone or TV" policy in the rooms, make unplugging a top priority. What we love best: a resident naturalist is on hand for bird watching sessions, and the light-flooded Garden Room has dazzling water views.
