NATURALIST

Naturalist Outings: Join our Naturalist, Capt. Teddy, and explore some of our favorite experiences. Reconnect with Nature and History. All within 20 minutes of Weekapaug.

- **Weekapaug to Watch Hill:** Starting in Weekapaug and traveling along the ocean through Misquamicut and into Watch Hill, here, we get to see all three Fire Districts of Westerly, and how they are worlds apart.
- **Sand Trail:** Home site of the original Weekapaug Inn! Take an off-road ride on the beach where the pre-'38 hurricane neighborhood was established.
- **Charlestown Breachway:** 20 minutes down the road, the breachway is twice the size of our sand trail and lush in coastal fauna.

Nature Craft: Enjoy these fun nature-themed activities geared toward adults and older children. This month we offer Driftwood Art.

Birding: We visit local hotspots to seek out our fine feathered friends. Outing will utilize one of the Inn vans, our open-air electric car, or perhaps a boat. Naturalist Mark will bring along optics and local knowledge.

Tour to Watch Hill: Our outing to Watch Hill makes for a perfect little interlude in a chilly day. In just over an hour, we take a delightful scenic drive around the historic village and down to the stunning lighthouse. Capt. Teddy discusses the history of the area and points out areas of interest.

Star Gazing: A big dark sky with lots of stars is a memorable part of the Weekapaug experience. Join the Naturalist after dark to spot stars, constellations, planets, and the moon. Our computerized telescope reveals wonders of deep space.

Fishing 101: Join Capt. Teddy in a hands-on fishing lesson! Learn the basics from spinning reel casting, fly-casting, bait & lures, and knot tying.

WELLNESS

Naturalist's Beach Walk: Join our naturalist on an hour-long walk down the barrier beach. He will point out wildlife, interesting plants and landmarks. The beach is beautiful and great for walking throughout the year.

Hunter Boot Tide Pool Walk: Join Capt. Teddy on an adventure to shallow watery places. Depending on tide stage we will explore rocky Atlantic shoreline tide pools, or the grassy salt marshes that ring the salt pond. We will look at the seaweeds and the creatures that live in these sheltered areas. A perfect application for the Hunter Boots available from our lending closet!

Walk to Weekapaug Overlook: A quick walk to the overlook at Weekapaug Point, where we use our spotting scope to survey Block Island, Montauk Point, Watch Hill and Fisher's Island. Meet in lobby.
